

CLIENT GROOMING AGREEMENT

where every dog is treated like family 

VACCINATIONS (REQUIRED) Proof of Bordetella and Rabies vaccinations must be provided before booking. Your vet can email records to anniesbarknbubbles@gmail.com.

APPOINTMENTS WILL NOT BE SCHEDULED WITHOUT THIS INFORMATION.

1. AGGRESSIVE OR DANGEROUS PETS

You must disclose if your pet has bitten or shows aggression toward people, animals, or grooming procedures. Muzzles may be used for safety. Annie's Bark'n Bubbles reserves the right to refuse or stop services at any time and may apply an Aggressive Dog Fee.

2. HEALTH, MEDICAL ISSUES & SENIOR PETS

Grooming can be stressful, especially for senior or medically compromised pets, and may worsen existing conditions. These pets will be groomed for comfort and cleanliness only.

In case of emergency, Annie's Bark'n Bubbles may seek veterinary care. We will attempt to contact you first, then transport your pet to your preferred or nearest vet. All veterinary costs are the owner's responsibility.

3. MAT REMOVAL

Severely matted coats may require shaving. De-matting can cause stress, skin irritation, cuts, or reveal pre-existing conditions. Risks include redness, itching, abrasions, or coat changes.

Regular grooming prevents matting. Additional charge apply for de-matting.

4. ACCIDENTS & SAFETY

While every precaution is taken, grooming carries inherent risks (nicks, cuts, nail quicking, etc.), especially if pets move.

For safety, do not knock or enter early—this can excite your pet and create risk. If a pet becomes too excited, the session may end early and full charges will apply.

5. HOLD HARMLESS AGREEMENT

By signing, you release Annie's Bark'n Bubbles and its staff from liability for any injury, loss, or condition (known or unknown).

Terms may be updated at any time and apply to all pets groomed.

 *Thank you for trusting us with your fur family!*
